Dear Parents/Carers

Here at Goldsmith Primary Academy we have the very highest expectations of your children in order to make sure they are achieving their expected progress and beyond. This will then give them a great starting point for when they progress to secondary education and beyond.

In order to achieve these high standards we are challenging our children to produce work that is consistently of a high standard and is never below their expected standard. At the start of this term children had to produce a 'Perfect piece' which was in their best handwriting with no errors – time was given to draft this on paper until it was the best it could be, then the children copied it on to the first page of their new book as the standard of presentation they had set for themselves. Due to the fact that this is their 'Perfect piece' if it wasn't the best it could be for the individual, it was removed and redone.

We will continue to challenge your child every lesson, every day to be the best they can be and produce work they are proud of. If a piece of work is not at the expected level for your child in terms of presentation and pride they will be requested to redo the work to the standard we know they are capable of and the class teacher will let you know when your child has needed to do this.

Our children are encouraged to embrace challenge and to understand if it does not challenge you it will not change you. We are committed to ensuring that your children receive the very best education we can give them and part of this is the continued challenge to be better and expect more of themselves.

High achievement always takes place in the framework of high expectations. Our promise to you and your child is that we will always have a framework of high expectations for their academic and personal success.

Yours Sincerely

Mrs Lowe
Head of school
